

Sample Letter to the Teacher

Dear Ms. Chapman,

I'm learning about audiograms with Mrs. Musselman. An audiogram tells about hearing loss. It shows pitch and loudness. My audiogram shows I can hear better in my right ear. Both of my ears have hearing loss. In my right ear, I have a mild to severe hearing loss. In my left ear, I have a mild to profound hearing loss. I can't hear these sounds without my hearing aids: p, h, g, k, f, s, th, ch, and sh.

Sincerely,

Allison
