## SSCHL VIRTUAL CONFERENCE WEBCASTS FOR UNIVERSITY TRAINING PROGRAMS

Supporting Success for Children with Hearing Loss is excited to offer a Virtual Conference that will occur from January 13-March 2, 2019. We would like to make the Supporting Success Virtual Conference available at a reasonable price to university programs training teachers of the deaf/hard of hearing

### HOW THE VIRTUAL CONFERENCE WORKS

There are 6 high quality presentations of 90-120 minutes each that can be viewed any time, 24/7, during the 6-week period. Learning activities are embedded in each presentation. Ten hours of instruction is available. You can pause the presentation for class questions and discussion. Discussion boards will be open throughout the 6 weeks for participants to comment and post questions; chat sessions will occur for each topic. Each presentation has participant handouts and a 3-question quiz. Please go to the following web address to access session descriptions and the conference schedule: <https://successforkidswithhearingloss.com/supporting-success-publishing/2019-sschl-conference/>.

### LICENSE FEES TO VIEW SESSIONS ARE PER CLASS, NOT PER STUDENT

University training programs can purchase deeply discounted license fees for 2, 3, 4 sessions of their choice or for all 6 sessions. The Virtual Conference License Fees listed are PER CLASS not per student for use in a single course by one designated instructor. Instructors can access the conference sessions during a class period or the license permits the instructor to provide the login information to students to view the presentations outside of class. Sharing login information between instructors is not allowed by the license. Universities must submit a purchase order or credit card information for Virtual Conference license fees and include the provided form. Instructor login and password information will be sent via email within one week of the Virtual Conference. For questions about this opportunity contact [karen@successforkidswithhearingloss.com](mailto:karen@successforkidswithhearingloss.com).
