# Contents

## Module 1: The ear and hearing

### Lesson 1: Hearing and hearing loss

1.1 Introduction
1.2 The importance of hearing
1.3 Hearing and listening
1.4 Hearing and a child’s development
1.5 Hearing loss
1.6 The importance of early intervention

### Lesson 2: The ear

2.1 Introduction
2.2 The outer ear
2.3 The middle ear
2.4 The inner ear
2.5 The hearing nerve and the brain
2.6 Binaural hearing
2.7 Sound and the ear

### Lesson 3: Disorders of the ear

3.1 Introduction
3.2 Onset of hearing loss
3.3 Disorders of the outer ear
3.4 Disorders of the middle ear
   3.4.1 Otitis media
3.5 Disorders of the inner ear
   3.5.1 Congenital hearing loss: Genetic factors
   3.5.2 Congenital hearing loss: Non-genetic factors
   3.5.3 Acquired hearing loss
3.6 Types of hearing loss
3.7 Hearing loss descriptions

3.7 Fitting and orientation 108
3.8 Daily checks 109
3.9 Troubleshooting 110

Lesson 4: Assistive listening devices 112

4.1 Introduction 112
4.2 Importance of assistive listening devices 112
4.3 How do assistive listening devices work? 114
4.4 Assistive listening device styles 115
4.5 Unilateral hearing loss 116
4.6 Classroom assistive listening devices 116
4.7 Frequently asked questions 118

Module 4: Listening and language development 121

Lesson 1: Listening 122

1.1 Introduction 122
1.2 The brain, listening and hearing loss 123
1.3 Effective listening 125
1.4 Listening skills 131
1.5 Auditory development scale 137

Lesson 2: Language 140

2.1 Introduction 140
2.2 Understanding language 141
2.3 Identifying preverbal behavior 144
2.4 General language development strategies 144
2.5 Language development and daily routines 147
2.6 Expressive language 152
2.7 Overcoming limited resources 155
2.8 Language development norms 155
Module 5: Preparing for school: Literacy and numeracy

Lesson 1: Literacy

1.1 Introduction
1.2 Literacy socialization
   1.2.1 Literacy socialization and a child with hearing loss
1.3 Phonological awareness
   1.3.1 Phonological awareness and a child with hearing loss
1.4 Printed word and alphabet knowledge
   1.4.1 Printed word and alphabet knowledge and a child with hearing loss
1.5 Reading
   1.5.1 Reading and a child with hearing loss
1.6 Writing
   1.6.1 Writing and a child with hearing loss

Lesson 2: Numeracy

2.1 Introduction
2.2 Numbers
2.3 Patterns
2.4 Shape and space
2.5 Measurement
2.6 Data collection

Module 6: The nature of inclusive education

Lesson 1: Introduction to inclusive education

1.1 Introduction
1.2 Definition of inclusion
   1.2.1 Difference between integration and inclusion
   1.2.2 Characteristics of inclusion
1.3 Benefits of inclusion
1.4 School requirements
### Lesson 2: Barriers associated with inclusion

<td>217</td>
</tr>
<tr>
<td>4.4 Introducing the school to the family</td>
<td>219</td>
</tr>
</tbody>
</table>
## Module 7: Teaching methods used in an inclusive classroom

### Lesson 1: Differentiated teaching

1. **Introduction**  
2. **Differentiated teaching of children with hearing loss**  
3. **Addressing barriers to learning**
   - 1.3.1 Listening barriers  
   - 1.3.2 Spoken language barriers  
   - 1.3.3 Comprehension barriers  
   - 1.3.4 Curriculum barriers  
   - 1.3.5 Learning material barriers  
   - 1.3.6 Barriers due to exhaustion

### Lesson 2: Differentiation methods and techniques

1. **Introduction**  
2. **Content and process**  
3. **Product: How learning is assessed**  
4. **Learning environment: The classroom**

### Lesson 3: Other differentiation strategies

1. **Introduction**  
2. **Flexible group teaching**  
3. **Rephrasing**  
4. **Other**  
5. **What parents should know about differentiation**

### Lesson 4: The individual education plan

1. **Introduction**  
2. **Benefits of the Individual Education Plan**  
3. **Management of the Individual Education Plan**  
4. **The Individual Education Plan team**  
5. **Preparation of an Individual Education Plan**  
6. **Implementation and monitoring of the Individual Education Plan**
Module 8: Additional classroom support 255

Lesson 1: Preparation of the classroom 256

1.1 Introduction 256
1.2 Physical environment: Classroom acoustics 257
1.3 Physical environment: Positioning of the child with hearing loss 258
1.4 Technology: Hearing and assistive listening devices 258
1.5 Role players: Teacher 260
1.6 Role players: Classroom assistant 260
1.7 Role players: Child with hearing loss 262
1.8 Other: Classroom discipline 262

Lesson 2: Individual interactions, small groups and tutorials 264

2.1 Introduction 264
2.2 Individual interactions 264
   2.2.1 Individual interactions: Practical guidelines 266
   2.2.2 Individual interactions: Special considerations 267
   2.2.3 Individual interactions: Materials 269
2.3 Small group sessions 270
   2.3.1 Small group session: Practical guidelines 271
   2.3.2 Small groups: Material 274
2.4 Tutorials 276

Lesson 3: Other additional support strategies 278

3.1 Introduction 278
3.2 Homework 279
3.3 Providing support for tests and examinations 280
3.4 Concessions 281
3.5 Analysis of tests and examinations 282
3.6 Managing group work 283
Module 9: Music and the classroom 285

Lesson 1: Music and early childhood development 286

1.1 Introduction 286
1.2 Music and language development 287
1.3 Processing of music 288
1.4 Key elements of music and how they relate to speech and language 291
  1.4.1 Pitch 292
  1.4.2 Rhythm 295
  1.4.3 Timbre 298
  1.4.4 Dynamics 299
  1.4.5 Form 300
1.5 Music and the brain 300

Lesson 2: Music and the classroom 302

2.1 Introduction 302
2.2 Memory skills 303
2.3 Visual and auditory discrimination 304
2.4 Reading 306
2.5 Phonological awareness 307
2.6 Social and emotional benefits 308

Lesson 3: How to use music in the classroom 310

3.1 Introduction 310
3.2 Recommendations for parents 311
3.3 Recommendations for music teachers 313
3.4 General teaching considerations and suggestions 314
  3.4.1 Improve phonological awareness 317
  3.4.2 Enhance retention 318
  3.4.3 Enhance academic teaching 318

Glossary 320
