

Supporting Success

for Children with Hearing Loss

Mission: To improve the futures of children with hearing loss.

SSCHL University Training Program Sales REQUESTS FOR REVIEW COPIES OF TEXT MATERIALS

We recognize that course instructors require review of text or instructional materials prior to committing to student purchasing for a course. That said, Supporting Success is a small company and, regrettably, cannot readily send numerous textbooks free of charge. Supporting Success allows instructors to request publication at 50% off the retail price plus a fee of \$10 to cover shipping and handling.

Course Instructor Name _____ Date Request Submitted _____

Course Instructor EMAIL _____ University _____
