

TODHH & SLP

HELP US UNDERSTAND HOW YOU USE
AUDIOLOGY INFO IN YOUR WORK!

WE WANT TO MAKE AUDIO INFO EASIER TO
UNDERSTAND & SHARE WITH FAMILIES.

Our interdisciplinary research team from the University of Iowa, Boystown National Research Hospital, University of North Carolina, and Idaho State University are inviting TODHH and SLPs to participate in a short survey about how they use audiology info in their work with families. We want to develop customized resources that make audiological information easy to understand and share!

Follow this link to complete our online survey. It will take about 15 minutes. Feel free to share this flyer with any colleagues who serve children who are Deaf and hard of hearing.
