

SSCHL University Training Programs – Drop-In Courses

REQUESTS FOR REVIEW COPIES OF COURSE MATERIALS

We recognize that course instructors require review of text or instructional materials prior to committing to student purchasing for a course. That said, Supporting Success is a small company and, regrettably, cannot readily offer numerous courses free of charge. Supporting Success allows instructors to request a course for the instructor to review at a substantial discount off the retail price. Courses listed below include lower- and higher-level assignments and a scoring matrix for instructors to use at their discretion. We require that you specify which university class you are considering using the course as a requirement.

You will have one month from date of enrollment to access your course(s) for review.

Course Instructor Name _____ Date Request Submitted _____

Course Instructor EMAIL _____ University _____

University Department _____ Degree Program: _____

Verification of Instructor Status: webpage listing instructor or email of supervisor who can verify status:

Course Text Materials:

Request:	Title of Course Material to Review – including course enhancements	Review	Retail

	CLASS:		
	Total for Access to Course(s) for Your Review		

Include this form with your university purchase order or complete credit card information below. Fax the completed form to: 480-393-4331 AND email a copy of this form to questions@success4kidswhl.com.

Name on Credit Card: _____ Total amount to charge: _____

Address associated with credit card account: Street: _____

Street: _____ City: _____ State: _____ Zip: _____

Phone associated with credit card account: _____ Card # _____ Exp: ___/___

Upon charge of your credit card, you will receive a verification email to the address provided at top of form. If a PO was submitted, you will receive an invoice for payment. You will be enrolled in your course(s) within 1 week. You will receive an automated email from the www.SupportingSuccessCourses.com website with your login information (these sometimes end up in a spam folder). The email address you listed will be your login username. In another email from questions@successforkidswhl.com you will receive course enhancement materials for each course, that we created specifically for teacher training programs, again for your review.

NOTE: There are included handouts with each course intended for use only by purchasers of the course. If you view a course and choose to not recommend it as part of your class requirements, do not share these copyrighted course handout materials with your students. This goes as well for the course enhancement materials we have created specifically for teacher training programs.

IF YOU DECIDE TO INCLUDE COURSE(S) IN YOUR UNIVERSITY CLASSES:

Email questions@success4kidswhl.com and request a coupon code for your students. Specify the course(s), number of students, and FALL (access 8/15 – 12/15), WINTER (access 1/1 – 5/1), or SUMMER (access 5/15 – 8/1) semester. A coupon code will be created and sent to you to include on your class syllabus. This code provides approximately a 15% discount on each course for your students, off the already low website price. Your students will register as a user at www.SupportingSuccessCourses.com and apply the coupon code for the course you specify on your class syllabus. You would then have our consent to use the course enhancement materials, adapting as needed, as you see fit for your class expectations.

WE ALSO OFFER UNIVERSITY REVIEW COPIES OF SOME OF OUR PUBLICATIONS

[Click here](#) for the review book request form.

PLEASE REMEMBER to inform your students of Teacher Tools Takeout. Creating an account is free and we have hundreds of free items in the instructional information marketplace, and more items for sale inexpensively. If you expect your students to create a portfolio of teaching materials from Takeout, we recommend you consider purchasing a [Takeout subscription](#), purchasing/downloading your preferred documents, and then allowing your students access to the subscription account so they can download the items for their perusal and future use. Once items are in your account they will remain, even if you do not renew the subscription.

Thank you for your interest in offerings from Supporting Success! karen@success4kidswhl.com
